Explore on your own, or try one of *Evergreen's* many guided trips.

The historic main lodge houses their restaurant and tavern, which is the heart and soul of the property. *Evergreen's* recreation center, complete with an indoor/outdoor fireplace, is the perfect place to play games, make s'mores or plan the next day's hike. Nightly complimentary activities include campfires, movies and live music.

The cabins are very comfortable, with spacious bathrooms, private decks and ceiling fans. For serenity's sake, there are no phones or televisions in the cabins.
